

**MARINA SOL PRIVATE SATELLITE DISH LIABILITY AND DAMAGE WAIVER**

The undersigned have been granted permission to install a private satellite dish at Marina Sol Condominiums in the following specific location:

---

The undersigned agrees to accept all costs associated with the approved dish including but not limited to installation and maintenance of the Satellite Dish. Furthermore, the undersigned agrees to assume all liability and indemnify Marina Sol Homeowners Association or any other third party with a valid claim for damage to roof or any common area of the Marina Sol Homeowners Association; property of any Marina Sol homeowner, guest or tenant; and any other third party who may have a claim resulting from this Satellite Dish, including but not limited to, damage that may result from the dish during storms or hurricanes. The undersigned Owner of the designated Marina Sol unit acknowledges and agrees that any expense incurred shall become a binding obligation to his/her condominium unit as provided by the Bylaws of Marina Sol Homeowners Association.

To prevent an uncontrolled proliferation of satellite units, all dishes must accommodate at least four, (4), hook-ups. The original installing party must allow other residents to connect to the dish up to its capacity. Any cost-sharing for the installation and connection to the dish will be the responsibility of the sharing parties. All parties connecting to a private dish must sign a Liability and Damage Acceptance form.
